- Performed an audit for outcome of RD surgery in Zagazig University. I have presented it to the RCSEd as a part of my FRCSEd exam.

## **Publications**

- The title of M.Sc. Essay was, Surface ablation versus LASIK in the treatment of refractive errors. This was published in Zagazig university bulletin.
- The title of MD thesis .Comparison of toric intraocular lenses and limbal relaxing incisions to treat astigmatism during cataract surgery.
  - The results were accepted for presentation in ESCRS winter meeting Ljubljana 2014
  - Another 2 abstracts were accepted for publication in London ESCRS congress 2014.
  - Final results published in Zagazig University Journal.

## **Research Projects and Grants**

- GCP trained
- In addition to Master and MD researches from Zagazig University:

Participated in the following research works In James Cook hospital in Middlesbrough

- MERLOT trial.
  - Macular EpiRetinal Brachytherapy Versus Lucentis® Only Treatment (MERLOT)
- OCTAVE trial
  - Efficacy and Safety of Two Treatment Regimens of 0.5 mg Ranibizumab Intravitreal Injections Guided by Functional and/or Anatomical Criteria, in Patients With Neovascular Age-related Macular Degeneration (OCTAVE).

## **Relevant Conferences / Meetings Attended**

- Most conferences of Egyptian Society of vitreoretinal surgery 2009-2013
- Many conferences of Egyptian ophthalmic society, Delta ophthalmic society and Egyptian society of cataract and refractive surgery. (2007 to 2013).
- ESCRS winter meeting, Ljubljana, 2014

## **Surgical skills**

Competent in doing:

Anterior segment:

- Phacoemulsification: working with different phaco techniques and familiar with many machines (Over 1000 cases in Egypt with special strength in operating hard cataract).
- Secondary IOL implantation.
- ECCE and ICCE
- Glaucoma filtering surgery.
- Combined phacotrabe procedures.
- Rupture globe, all forms of ocular trauma.
- Refractive surgery (LASIK and phakic IOL)

Oculoplastic surgery:

- Simple Lid surgery.
- Lacrimal surgery.

Pediatrics:

- Stabismus (horizontal muscle surgery).
- Congenital cataract.
- Buphthalmos .

Laser procedures

- PRP and macular grid (familiar with many machines including the PASCAL system).
- YAG capsulotomy and PI.

Vitreoretinal surgery:

- Intravitreal injections. (Done over 10000 cases).
- Intravitreal implants (Ozurdex and iluvien).
- Observed and assisted in more than 250 vitrectomy and 200 buckle surgeries.
- Competent in doing simple Explant surgery and simple to moderate vitrectomy cases.

## **Future Plans**

- Planning to apply for CESR (ARTICLE 14) to enter into UK specialist register.
